The following are my Goals for the 2020-2021 School Year.

“The Teacher Keys Effectiveness System (TKES) is a common evaluation system designed for building teacher effectiveness and ensuring consistency and comparability throughout the state. The Teacher Keys Effectiveness System (TKES) consists of three components which provide multiple sources of data (gadoe.org).”

Student Centered Goal

Students will improve engagement when asked a question during synchronous classes from 2 -3 hands raised to 10 hands raised.

Professional Goal

As an Educator, I will include one new technology to implement in the classroom per month in the 2020 school year.
